

Norski Fibreglass Cloths/Matts

CHOPPED STRAND MATTS

Weights – 300gm, 450gm, 600gm

1mt wide

Used for standard Fibreglass Work.

Polyester Resin used with this matt, Epoxy Resin can be used if requested.

GLASS CLOTHS

Weights – 100gm, 200gm

1mt wide

Used for Fibreglassing with Epoxy Resins.

DYNAL CLOTH

1mt wide

Used with Epoxy Resins esp. where there are a lot of edges in the job and corners eg. Fibreglass a clinker dinghy/boat.

TISSUE CLOTH

1mt wide

Used in the making of fibreglass moulds.

Can be used with either Polyester or Epoxy Resins.

WOVEN ROVINGS

1mt wide

Can be used with either Polyester or Epoxy Resins

Used for making a stronger area when glassing for extra strength, eg. boat floor or roof where walked on etc.

GLASS TAPES

Widths 50mm, 75mm, 100mm

Used with either Polyester or Epoxy Resins.

Used where fibreglass taping is required, bandaging areas and narrow glassing jobs where the tape width suits.
